

HOKUSETSU SAKE

Exclusively to Nobu

The Hokusetsu Brewery on Sado Island in the Sea of Japan has been operated by the Hazu family since 1871. The name Hokusetsu (Northern Snow) was chosen to reflect the ideal sake brewing conditions on the island during the coldest days of winter.

GRADE DAIGINJO & JUNMAI DAIGINJO

These sakes go through a special process, using a centrifuge to separate the sake mash, creating a silkier and lighter texture. This Hikari process is stopped before the mash solids are completely separated, producing a Nigori-style fine texture. Served for you in fine Daiginjo glasses.
