

Distillery Gastro Pub Menu

Welcome to our antique hall located in Durres.

Once upon a time, near Mantho Jorgji's apartment was the Jallisë Gate, the entrance gate to the city from the sea.

As a testament to the sea, the shells used on the high façade of the two-story villa were also a testament to the sea. Their shimmering as they came into contact with the sun added charm to the neoclassical style villa.

While after the 1990s it became an art shelter for the Durrës art gallery.

Today in 2026, she is in one of the best bistros in the city.

COFFEE

A wooden spoon is positioned diagonally across the lower-left portion of the image. It is filled with dark, roasted coffee beans. The spoon rests on a light-colored wooden surface with a prominent vertical grain. Several more coffee beans are scattered on the surface around the spoon. The background is a dark, textured surface, possibly a wall or a backdrop, which makes the lighter wooden elements stand out.
